Uses

Topical rinse-off treatment for acne affecting the face, chest and back.

Format and Ingredients

Gel containing:

Benzoyl Peroxide 5% w/w,

Dosage

12 years and over: unless otherwise directed, use once or twice daily. Wet the area to be treated, apply the gel to the hands and wash the affected area. Contact time with the skin should be 1 to 2 minutes followed by thorough rinsing with water and gentle drying. Using a moisturiser after facial application can help to reduce any irritation the treatment may cause.
