

# Canesten Thrush Combi Soft Gel Pessary & External Cream

## Uses

For the treatment of candidal vaginitis (soft gel pessary) and candidal vulvitis (external cream). The external cream should be used as an adjunct to treatment of candidal vaginitis.

## Dosage

16-60 years: insert the pessary into the vagina at night. Apply the external cream thinly to the vulva and surrounding area 2 or 3 times daily and rub in gently. If symptoms worsen or do not improve within 7 days, a doctor should be consulted. Under 16 or over 60: a doctor should be consulted before use.

## Format and Ingredients

Soft gel pessary with applicator and tube of external cream containing:  
Soft Gel Pessary: Clotrimazole 500mg, Cream: Clotrimazole 2% w/w,
