

# Dioralyte Relief

## Uses

Helps to replace fluids and body salts lost during diarrhoea, and treats watery diarrhoea. Available in Blackcurrant and Raspberry flavours.

## Dosage

Pour contents of 1 sachet into a large glass (200ml) of drinking water. Mix well and drink the whole glassful. For infants and where drinking water is not available, the water should be freshly boiled and cooled. Adults and children: 1 sachet after each loose motion up to a maximum of 5 sachets per day for 3-4 days. Infants 3 months - 1 year: use only under medical advice.
