

Acnecide Face Wash 5%w/w Gel

Uses

Topical treatment of mild acne affecting the face

Dosage

12 years and over: when first used the face wash should be applied once daily to cover the acne-affected skin areas before going to bed. After 2-3 days, if the treatment is well tolerated, the frequency of application can be increased to twice daily, in the morning and evening. The extent of any drying or peeling may be adjusted by modifying the dosage schedule.
