

Neutrogena T/Gel Therapeutic Shampoo

Uses

For the treatment of dandruff, seborrhoeic dermatitis of the scalp and scalp psoriasis.

Dosage

Adults: apply liberal amounts, massage into wet scalp and leave for several minutes. The scalp should be rinsed, the application repeated and then the scalp rinsed thoroughly. Use 2-3 times weekly. Treatment usually lasts for 6 weeks after which time improvement should be seen. Longer periods of treatment should only take place under the supervision of a doctor. Under 12 years: not to be used.
