

Gengigel First Aid Forte Oral Fluid

Uses

Clinically proven to soothe heal and protect. Maximum strength targeted healing and pain relief for larger areas of chronic inflammation including tooth extractions, implants, oral trauma (oral lesions, ulcers, and burns), and dental surgery.

Dosage

Rinse with 5ml for 1-2 minutes, up to 2-4 times daily, at an alternative time to teeth brushing. Do not eat or drink for 30 minutes after use.
