

# KELO-COTE Spray

## Uses

For the treatment and prevention of old (up to 4 years) and new hypertrophic and keloid scars resulting from burns, general surgical procedures and trauma wounds. Helps to soften and flatten raised scars and reduce redness or discolouration associated with them.

## Dosage

Adults, people with sensitive skin and children aged 3 months and over: shake well before use. Ensure affected area is clean and dry. Hold can 15-20cm from surface to be treated. Spray along the length of the scar in a light, sweeping motion. The spray should be applied in a very thin, even coating with no gaps or holes.

## Format and Ingredients
