## Uses

For short term relief of occasional constipation.

## Format and Ingredients

Tablet containing:

Bisacodyl 5mg,

## Dosage

Over 12 years: 1-2 tablets (5-10mg) daily before bedtime. It is recommended to start with the lowest dose. The dose may be adjusted up to the maximum recommended dose to produce regular stools. Not be taken on a continuous daily basis for more than 5 days without investigating the cause of constipation. Under 12 years: not to be used.
